BENCH BRIEFS

2ND QUARTER
1987

The Rotary Pulse Generator.
Hardware Service Training, Investing
in Self-Support

3RD QUARTER
1987

A Few Fundamentals About Semiconductors.
Transistor/Diode Cross Reference.
Reader's Comment - Rotary Pulse Generator.

4TH QUARTER
1987

Digital-to-Analog (DAC) Conversion.
Reader's Comment - Rotary Pulse Generator.
Integrated Circuit Cross Reference.

1ST QUARTER
1988

Using Copper Tape to Fabricate RF
Breadboard Circuits.
Attention HP 8671/72 & 73 Generator Owners.

2ND QUARTER
1988

The Values for the Volt & Ohm are Changing.
1988 Application Note Index Is Now Available.

1ST QUARTER
1989

How To Build a Stripline Filter.
Important Notice About Service Notes.

2ND QUARTER
1989

Fiber-Optic Troubleshooting.
Safety Precautions When Working Around
Fiber Optics.

1ST QUARTER
1990

The 1990 Changes in National Reference Standards
Attention HP 8757C/E Network Analyzer Owners.
HP 5371A Service Kit Provides Everything
You Need to Service and Learn the
HP 5371A Freq. & Time Interval Analyzer.
Recommended Reading - New Instrument Support
Literature Explains HP's On-Site Instrument
Service Programs.
Updated Customer Service Center Guide is Now
Available.
Reader's Comment - Fabricating Breadboard
Circuits with Copper Tape.
HP Service Notes Have Changes.
Summary of Service Note Payment Conditions.

2ND QUARTER
1990

Operational Amplifier Basics.
The Logistics Data Book 1990.
What is Traceability and How Does It Relate to
Calibration Uncertainty?
HP Direct.
Service Tip - Extend the Life of Your CRT.
